

M. Gates Browne

Gates was born and raised in San Jose, California. He is married with two children (ages 3 & 1). He currently resides in Mesa, Arizona where he attends Arizona State University. Gates will graduate from ASU in May 2009 with a degree in Civil Engineering - focusing in Construction Engineering. He has worked for the previous two years as a structural designer for Vertex Consulting Structural Engineers. In addition to his engineering background, Gates, has also spent several years working various corporate information technology contracts (including terms at IBM and Honeywell). Gates' passions include: Structures, Disneyland, and Technology.

Sonia Runyan

Sonia was born and raised in Snohomish, Washington. She currently resides in Tempe, Arizona where she attends Arizona State University. Sonia will graduate from ASU in December 2009 with a degree in Civil Engineering. She has worked for the past eight months as a traffic intern for Civtech Incorporated. Sonia has also spent several years in customer service (including time with Edible Arrangements and the Woodinville Dance Academy). Sonia's passions include: Learning, Dancing, and Reading.

Daniel Berriz

Daniel Berriz was born in Gernada Hills, California, and moved to Mesa, Arizona when he was nine years old. He currently attends Arizona State University; expecting to graduate May 2010 with a bachelors degree in Mechanical Engineering and a minor in Mathematics. He recently started an internship at Able Engineering as a Junior Engineer working with aerospace components. Daniel's passions include: Road Racing, Science Fiction Novels, and His Girlfriend Sonia.

Brian Nicholls

Brian was born and raised in Tempe and Gilbert, Arizona. He and his wife have been married for two years and currently live in Chandler, Arizona. He attends Arizona State University and will graduate from ASU in May 2009 with a degree in Civil Engineering - focusing in Water Resources and Project Management. He plans to apply to graduate school to pursue a degree in Real Estate Development. He has worked for the previous two years as an engineering intern for CMX, a Civil engineering firm, where his primary focus has been land development. Brian's passions include: Family, Religion, Land Development, and Fast Cars.
